

LOUVRESYSTEMS
RAINSHIELD

CONTROL WITH STYLE

LOUVRESYSTEMS LTD

CREATE THAT OUTDOOR ROOM YOU HAVE ALWAYS WANTED WITH RAINSHIELD FROM LOUVRESYSTEMS.

OUR RAINSHIELD BRAND PROVIDES SHELTER NOT JUST FROM THE SUN AND THE WIND BUT ALSO FROM THE RAIN, ALLOWING YOU TO EXTEND LIVING AREAS FOR YEAR ROUND ALFRESCO ENTERTAINING.

RAINSHIELD Louvres are individually sealed to ensure they are fully waterproof; they even have the option of operating with sensors that automatically close them as soon as rain is detected. If you prefer you can operate your RAINSHIELD manually, or electronically at your convenience, our system operates silently with a discreetly positioned actuator.

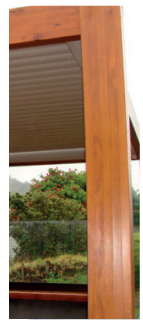

Manufactured in New Zealand from locally sourced aluminium RAINSHIELD Louvres are available in any powder coated or anodized colour, frost anodizing is also available and is a great option to finish your RAINSHIELD.

The system can be matched to existing joinery and looks superb whether you are renovating a grand old villa or completing a contemporary design, a beachfront apartment or a modern commercial development - RAINSHIELD brings a new dimension to complete your project.

LOUVRESYSTEMS
